

Oh Lord, is there any fault in you? You are
unblemished. I am fascinated by your love.

1. We cannot find faults in you. I'll spend time with
you happily. Why don't you open your tender
lips and talk lovingly.

2. I offer betel leaves to you and embrace you
heartily. Oh Venkatesa, When you are my
beloved consort, why not I be with you happily
serving you well.
