

I am desolate. You are the God. Let your powers assuage my miseries.

1. I have no knowledge of my birth or death. How can I comprehend your disposition? You are the creator of the earth. You will show mercy at the right time.

2. When I am not aware of sin or piety, will I think of your glory? You are in my conscience. Hope you'll drive away my evils and protect me.

3. I repeatedly commit the most abhorrent and dirty acts. But I am not inclined to do benevolent acts. I can not leave my Lord Venkatesa. Please protect me till the end.
