

Oh Lord, you are the dear consort of
Alamelumanga. Are you great without her?

1. Her glances are like sparkling pearls.
She is beautiful like blossoming flowers
In moonlight.
Are you more charming than her?.

2. Her sweet words are like precious gems.
She shines with blue sapphire on her.
Her gestures are golden. Are you equal to
your lotus-eyed beautiful consort?

3. Her loving embrace is Manmadha's divine
sport. You are immersed in her love.
She is delicate like tender leaves. You are
not strange for Sri Venkatapati..
