

What is the use of this human birth?

I truly believe in you only. It is left to your free will.

1. I do not forget food or family pleasures. I do not forget physical enjoyment. O Madhava, it is all your maya (delusion). I forget knowledge and philosophic secret I forget my teacher and God. It is Madhava's maya.

2. I do not care whether it is sin or virtue. I do not leave greed. O Vishnu, it is all your maya. I neglect my religious rituals and forget detachment ignore customs and traditions. O Vishnu, it is all your maya.

3. I am drawn into entanglements and many bonds. I do not cling to the path of liberation. I would not even think of it. Oh Sri Venkatesa, you are seen as my inner self. You rule me smilingly.. Why then, for me too this delusion?
